On assuming the duties of Selectmen of the town, we found several matters which demanded our immediate attention. Among the most important was the case of the Meader family who had been assisted by the town for several years, when they actually belonged to the County. We considered it our duty to the taxpayers of the town to make every possible effort to establish them as County paupers. We have accomplished our purpose and they were established on the County last July, and the County Commissioners have paid for their support since the first of last April, thus making a saving to the town of one hundred and eighty dollars.

Another case of importance was that of Hazen C. Lewis, a soldier, who asks for assistance under an act passed at the June session of the New Hampshire legislation in 1885, for the relief of poor persons who have served in the Army or Navy of the United States, and their dependent families. As very few of you are familiar with the law we give it in full.

Chapter 41, Section 1. "Whenever any person resident in the State not under guardianship or legal restraint, who has been honorably discharged from the Army or Navy of the United States, shall from any cause become poor and unable to provide maintenance for himself and dependent family, such persons his wife, widow or minor children, or such of said children as are unable to maintain themselves, shall be supported at the public expense in the town or city of their abode, at their own home, or such place, other than a town or county alms-house as

the Selectmen or Overseer of the Poor may think right and proper in said town or city.

Sect. 2. The necessary expense of such maintenance shall be paid by the town or county liable under existing laws for the support of such Soldier or Sailor.

Sect. 3. All acts or parts of acts inconsistent with the provision of this act are hereby repealed, and this act shall take effect upon its passage" approved Aug. 12, 1885. Mr. Lewis deposition was taken last fall, which with a certificate from the town Clerk of Conway was presented to the honorable board of Commissioners of the County and after due consideration by them our claim (that Mr. Lewis was a county charge) was allowed, and his support made chargeable to the county from July 1, 1891, thus making a saving to the town of six dollars per month from that time.

We will here say that in March last Mr. Mudgett—selectman at that time—made an agreement with Mr. Lewis to pay him \$15.00 per month for the year ending March 1, 1892. As this agreement was fairly made with Mr. Lewis we thought best not to interfere in the matter but pay him as per the agreement. We have paid him for 12 months' support \$180.00, of which amount the County will pay to the town \$48.00. Whatever assistance he receives hereafter will be from the County. In the case of Mrs. M. N. Hawkins, wife of Joseph D. Hawkins, who has asked for and received assistance from the town the past year, we will say, Mr Hawkins was a pensioner drawing \$30.00 per month from the Government. He abandoned his wife last year, she called for assistance from the town. We could see no reason why Mr. Hawkins should not contribute to her support, consequently the matter was put into the hands of your town agent, J. B. Nash, Esq. and proceedings commenced, and the matter finally settled by Mr. Hawkins agreeing to give his wife one third of the amount of his pension viz : \$10.00 per month. Mr. Hawkins has since died, and his wife will now receive from the Government \$12.00 per month which she thinks will be enough to support her, and she expresses a desire to pay the town a portion if not all that has been paid out for her support.

The family of Hiram Philbrook has also been established on

the County, and what money paid out on their account will be paid by the County to the town, providing Mr. Philbrook does not pay it himself, which he hopes to do. For the first time in many years the town has no paupers, all of them having been established on the County.

We think the highway appropriation is not expended in a proper manner. It should be made a money tax, and be expended under the supervision of the Selectmen, or an Agent appointed by the town.

We would recommend that the town raise a sum not exceeding \$500. 00 for the purpose of providing rollers for breaking highways in Winter as per Article 11 in the town warrant.

We also recommend other appropriations as follows:

To pay town expenses,	\$2000 00
For sinking fund,	\$1000 00
For highways,	\$2500 00
For schools,	\$1300 00

In explanation of the items of expense attending the sale and exchange of the refunding bonds, there was some delay in procuring suitable blanks, and it was late in June when the New Issue were ready for market, and July 1st. all of the old bonds matured and in some instances payment was required before funds could be realized from the sale of the new bonds. The best offer obtainable at that time was at such a discount as would enable the purchaser to realize 4 1-2 per cent upon the investment. Your treasurer thought it best not to make this discount of \$500.00 but take time to float the bonds, and for this purpose ten thousand dollars was borrowed for a short time to meet the demands of the holders of the old bonds.

About the 20th of August I was enabled to place all the bonds on the market with what were exchanged, at the expense of \$103.51.

There are now outstanding and unpaid Bonds No. 15, 45 and 64, amounting to \$600.00

H. B. COTTON, Treasurer.

# REPORT OF SCHOOL BOARD.

TO THE CITIZENS OF CONWAY SCHOOL DISTRICT.

## DISTRICT NO. 1.

The Summer term of ten weeks, was taught by Miss Hattie Woodward of Conway. Her methods of instruction were excellent, discipline not quite satisfactory.

Fall term of twelve weeks, was taught by Miss Mary B. Nickerson, of Sugar Hill, N. H. She labored hard for the advancement of the school: for some reason many of the older scholars dropped out before the term closed; the few that were present at our final examination showed good results of faithful instruction. Wages \$7.00 No. of pupils 27. Average attendance 16.

## DISTRICT NO. 2.

Two terms of nine and twelve weeks. taught by Miss Katharine Page of Conway. That this was Miss Page's second year in this school is proof of satisfaction to both School-Board and parents. Wages \$6 00. No. of pupils 7. Average attendance 5

## DISTRICT NO. 3.

Two terms of nine and twelve weeks, taught by Miss Nellie Fursden of Conway. She was faithful to her charge and good results were obtained. Wages \$6 00. No. of pupils, 11, average attendance 8.

## DISTRICT NO. 4.

Two terms of ten and twelve weeks, taught by Mr. Henry A. Elliott, of Lovell, Maine. He was one of our best teachers, the school made great improvement in rank of recitation and attendance. It is with satisfaction that we note increased interest on the part of parents: by subscription sufficient money was raised for a private term; under the instruction of Mr. John F. Tracy of Bridgton, Me., a thorough and efficient teacher. Wages of public school \$9 00. No. of pupils 59. Average attendance 44.

## DISTRICT NO. 5.

Two terms of nine and twelve weeks taught by Miss Grace Page of Conway. She was faithful and thorough and the scholars made good improvement. Wages \$6 00. No. of pupils 11. average attendance 9.

## DISTRICT NO. 6.

The Summer term of ten weeks was taught by Miss Mary B Nickerson of Sugar Hill, N. H. She was one of our most faithful teachers, and the pupils made good improvement.

The Fall term of twelve weeks was taught by Miss L. Edith Blaisdell, of Auburndale, Mass. Miss B. had previously taught this school; it was with pleasure that we noted marked improvement in recitation and discipline. Wages \$7 00. No. of pupils 35. Average attendance 26.

## DISTRICT NO. 7.

Two terms of ten and twelve weeks each taught by Miss Ella Dolloff of Jackson, N. H. The parents in this district are much interested in the education of their children, therefore the attendance is good. With bright scholars and good instruction, success was achieved. Wages \$6 50. No. of pupils 11. Average attendance 9.

## DISTRICT NO. 8.

Grammar: Summer term of ten weeks was taught by Mr. Charles M. Stanley of Brownfield, Me. Fall term of twelve weeks taught by Mr. John F. Tracy of Bridgton, Me. Both were teachers of experience and labored hard. We think if the parents in this district would examine the registers returned, an effort on their part for a more regular attendance would be made. With two-thirds of the pupils in and out at will, the best of teachers cannot reach excellence, which should be the motto of all schools. We were sorry to notice that the conduct of some of the older scholars, in and about the school-house was unbecoming to young ladies and gentlemen. It is evident that these evils will continue until parents work in sympathy with officers and teachers. Wages \$11 00. No. of pupils 59. Average attendance 34.

Primary. Two terms of ten and twelve weeks, taught by Miss Eva D. Walker, of Fryeburg, Me. Miss W. is one of our best teachers, especially adapted to primary work, and gives general satisfaction. Wages \$8 00. No. of pupils 54. Average attendance 37.

#### DISTRICT NO. 9.

From this part of the town the Selectmen returned eight scholars. The school-building is unfit for use. A part of the scholars attended school in District No. 16, the others were furnished transportation to Eaton.

#### DISTRICT NO. 10.

Summer term of nine weeks taught by Miss May H. Eastman of Conway, she did good work and was one of our teachers last year.

Fall term of twelve weeks taught by Miss Helen Dow, of Conway. This was Miss Dow's first experience in teaching. We were pleased with the energy and adaptibility which she displayed in the school-room. A marked improvement has been made in this school the past year. Wages \$6 00. No. of pupils 11. Average attendance 10.

#### DISTRICT NO. 12.

Summer term of nine weeks taught by Miss Katharine Abbott of Fryeburg, Me., a student of Farmington Normal School.

Fall term of twelve weeks taught by Mr. L. Whitney Elkins of Jackson, N. H. Both teachers were much interested in their work, and with interested scholars the results were of the best. Wages \$6 00. No. of pupils 12. Average attendance 10.

#### DISTRICT NO. 13.

Grammar: Summer term of ten weeks was taught by Mr. F. N. H. Greaves of Mass. Mr. G. was a man of high moral and intellectual character and ability. Fall term of twelve weeks. Mr. Lillis of Mass. was engaged to teach. A few days before the school was to open he resigned to take a more lucrative position; sending as a substitute Mr. E. D. Bodfish of Vineyard Haven, Mass. Mr. B. began his work in a most acceptable manner: at the end of the fourth week he too resigned to accept a more lucrative position. Mr. F. F. McKean of

Lovell, Me., was engaged to finish the term. At our final examination the scholars were prompt and showed that the term had not been an unprofitable one. Wages \$11 00. No. of pupils 48. Average attendance 36.

Primary. Two terms of ten and twelve weeks taught by Miss Mary Drown of Conway. Miss Drown is a teacher of experience, and was the right teacher in the right place. Perfect order and prompt recitation made this a model school. Wages \$8. No. of pupils 49. Average attendance 38.

#### DISTRICT NO. 14.

Two terms of ten and twelve weeks taught by Miss Edna G. Eastman of Conway. She was faithful in the discharge of her duties. Our idea of correct training in Colburn's Arithmetic was found in this school, and the appearance of this wide-awake class was a credit to the teacher. The crowded condition of the school-room renders good order impossible. Wages \$8 00. No. of pupils 31. Average attendance 23.

#### DISTRICT NO. 15.

Summer term of ten weeks taught by Miss M. Abbie Mead of Bridgton, Me. She is a wide-awake teacher and her pupils were enthusiastic in their work. Fall term of twelve weeks was opened by Miss Theodora Beard of Dover, N. H. At the end of two weeks she left the School. Miss Helen Golden, of Lawrence, Mass., finished the term. She was a graduate from Salem Normal School and Perdue University Indiana: which training she carried into her school-work. The conduct of some of the scholars in and about the school building was not commendable. Wages \$8 00. No. of pupils 31. Average attendance 22.

#### DISTRICT NO. 16.

Two terms of nine and thirteen weeks taught by Miss Elizabeth Richardson of Cornish, Me. This school was among the best in rank of attendance until near the close of the Fall term LaGrippe took away large numbers, one of the scholars dying from the disease. Miss R. is energetic and thorough in her work, and we place this school as one of the best. Wages \$7. No. of pupils 38. Average attendance 27.

## REDSTONE.

Two terms of ten weeks each, taught by Miss Katherine Osgood of Conway. Miss O. worked hard and was rewarded by success. The parents at this settlement raised money for a private term during the winter, and secured the services of Miss O. showing they appreciated her efforts for their children. Wages \$6 00. No. of pupils 15. Average attendance 9.

At the Annual District Meeting in March 1891, Rev. I. A. Bean was elected a member of the Board for three years. May 1st. he resigned. The citizens of Conway failing to petition the Board for the appointment of a new member, the work of all matters pertaining to schools was carried out by the two remaining members.

It was our aim to expend all money in a judicious manner, and to employ the best of teachers.

We feel that in most of the schools some improvement has been made, yet we do feel far from satisfied with the standing of the schools throughout the town.

There are many reasons for the deplorable condition of the schools, the greatest evil being lack of interest.

Why is it that in many of the districts children from 12 years of age and upward attend school in neighboring towns?

Should their schools be better than ours? Let the parents answer these questions, and at the coming meeting give us a generous appropriation, and then at the opening of the schools, work with officers and teachers in holding the standard high; we believe the effort will bring about the beginning, at least, of a grand change for the better.

The selectmen returned to us 496 children between the ages of 5 and 15.

The appropriation for school-books seemed a large one, but when divided among the above number of children is small, though it was sufficient to meet the demands for the year.

There were no change in text books made, the change in Arithmetic was completed, and a Primary Arithmetic added.

We would recommend a change in History the coming year.

Most of the text books on that subject we have, are in a dilapidated condition, and the text is not as interesting as we find in books of later date. We think we have in stock a sufficient number of Readers to meet the demand of the year, but of all other text-books we shall need a small supply of each.

We think that the same amount of money as was appropriated last year will meet all demands.

We used one-fifth of the Literary Fund for the purchase of six sets of Ivison, Blakeman & Co., Complete Chart.

Respectfully Submitted.

Abbie M. D. Blouin,	} School Board
Mary K. Davis,	
	} of Conway.
